The screenshot displays a web application for managing timelines. The interface is divided into a sidebar on the left and a main content area. The sidebar contains navigation links: 'Главная' (Home), 'редактор' (Editor), 'Автозаполнение' (Auto-fill), 'Создание' (Creation), 'Просмотр' (View), 'Избранное' (Favorites), and 'Удаление' (Deletion). The main content area is titled 'Просмотр хронологий' (View Timelines) and features a search bar. Below the search bar, there is a list of timelines. The first timeline is 'История семьи' (Family History), the second is 'КФ МГТУ им. Н.Э. Баумана' (KF MGTU im. N.E. Bauman), and the third is 'Проект по ВКР' (Project on VCR). The 'Проект по ВКР' timeline is selected, and its details are shown in a modal window. The modal window displays the title 'Проект по ВКР' and a description: 'Полная хронология этапов разработки дипломного проекта' (Full chronology of stages of diploma project development). Below the description, a timeline is shown with a specific event highlighted: 'Начало работы над ВКР' (Start of work on VCR) on October 7, 2024. The event description states: 'Сделала схему модели базы данных, но не уверен в правильности отношений между таблицами' (Made a schema model of the database, but not sure about the correctness of the relationships between tables). A diagram of the database schema is shown below the text.
